A NOTE FROM OUR CEO

Lincoln Park Community Services served more individuals facing homelessness this year than ever before. In addition to those Guests who stayed in our two shelters, we assisted short-term Guests with our five-day-a-week drop-in program and our staff has gone into the city to reach those living on the streets and in encampments. In Fiscal Year 2023 we provided services for 3,343 people, an increase of more than 50 percent year-over-year.

Of course, none of this would be possible without the generosity of our dedicated volunteers and supporters. Your commitment to ending homelessness has allowed us to provide shelter, meals, workforce development, mentorships, and classes in financial literacy and life skills to our Guests. The hundreds of hours of time and the many dollars of support you have kindly brought to us has made this work possible.

Thank you for the many hours and dollars you have devoted to helping unhoused individuals in Chicago. We know that as LPCS continues to pursue our mission, you will continue to be partners in our success. We could not be more grateful.

In Service,

Cheryl Hamilton-Hill
Chief Executive Officer

LPCS IMPACT

CONGRATULATIONS JANINE!

JANINE'S STORY

Janine graduated from our 1521 Sedgwick location and moved into her first apartment. She arrived at LPCS in May 2023 after living in shelters across the city since she initially became unhoused in December 2017. Unsurprisingly, Janine had some trust issues when she first came to us, but with time and the hard work of her caseworkers and our Interim Housing Coordinators, she began accepting assistance and services. In July, Janine, who had been on the waitlist for affordable housing through the Chicago Housing Authority for many years, finally came up at the top. LPCS staff helped her to complete applications and manage her finances for her move. For the first time in her life, Janine is living on her own as an independent woman. We could not be more proud!
